

Here we are  
Tears are dripping <sup>1</sup>to your lips  
Who would ever guess we got here from that kiss  
Now you say  
Everything that you would change  
But we pushed too far  
With no chance to erase  
Like the butterfly effect  
It was only just a speck  
That made into a broken hearted mess  
Like the butterfly effect  
It's so easy to regret  
But I would never change the way we left, whoa-  
Though I wish you never broke my heart  
I don't want a brand new start  
I'm not me without my scars  
Though I wish we never fell apart  
It made us who we are  
And at least we left a mark

---

<sup>1</sup> to fall in small drops

**Don't you dare**

Say it was all a waste

Cause we would never be the way we are today

Now we find

Beauty in all the pain

There's a reason for the rainbow through the rain

Like the butterfly effect

It was only just a speck

That made into a broken hearted mess

Like the butterfly effect

What you get is what you get

But I would never change the way we left, whoa-

Though I wish you never broke my heart

I don't want a brand new start

I'm not me without my scars, whoa-ohh

Though I wish we never fell apart

It made us who we are

And **at least** we left a mark

**Like the butterfly effect  
Wonder if we never met  
Would I have lost my heart inside my chest  
Like the butterfly effect  
It's so easy to regret  
But I would never change the way we left**

**Good luck: Pakheirian.A**
