

They say
You know when you know
So let's face it, you had me at hello
Hesitation never helps
How could this be anything, anything else?

When
All I dream of is your eyes
All I long for is your touch
And darling, something tells me that's enough, mmm
You can say that I'm a fool
And I don't know very much, but
I Think They Call This Love

One smile, one kiss, two lonely hearts is **all that it takes**
Now baby, you're on my mind, every night, every day
Good vibrations getting loud
How could this be anything, anything else?

When
All I dream of is your eyes
All I long for is your touch
And darling, something tells me that's enough, mmm
You can say that I'm a fool
And I don't know very much, but
I Think They Call This Love
Oh, I Think They Call This Love

What could this be
between you and me? Oh

Oh, **all I dream of** is your eyes
All I long for is your touch
And darling, something tells me, tells me it's enough, mmm
You can say that I'm a fool
And I don't know very much
But I think they call-
Oh, I think they call-
Yes, I Think They Call This Love
This love
