

Wise men **say**, only fools **rush** in

But **I can't help** falling in love with you

Shall I stay, would it be a sin?

If I can't help falling in love with you

Like a river **flows**, surely to the sea

Darling so it **goes**,

some things **are meant** to be

Take my hand, take my whole life too

For I can't help falling in love with you

Take my hand, take my whole life too For I

can't help falling in love with you

For I can't love falling in love with you

Good luck: pakheirian.A
